FOREWORD

It is our pleasure once again to offer an interesting selection of numismatic material — coins that should appeal to every collector.

We would like to point out to new bidders, as well as to old, that an auction sale is not an approval sale. The items listed in this catalogue may be examined before bidding. There will be no returns accepted without our written permission.

The estimated prices serve only as a guide. In the past it has been a practice to bid quite a bit below estimates; because of the unprecedented demand for coins, these low bids hardly ever are successful. Competition is keen for good material. We suggest you bid with the purpose in mind of acquiring the coin.

We have one of the finest stocks of numismatic material in the country, including many rarities in copper, silver and gold.

Please send a want list with your bid sheet for our immediate attention.

Whether "BUYING" or "SELLING" it will be worth your while to contact us . . . .

Thanks,

ABNER KREISBERG

and

JERRY COHEN
